REISEMOBILE AUS LEIDENSCHAFT

# STANDARD SPECIFICATION

## Chassis

|   | IVECO<br>DAILY | IVECO<br>EUROCARGO | MAN<br>TGL |
|---|----------------|--------------------|------------|
| Turbocharged diesel engine with electronically controlled Common Rail direct injection  | •              | •                  | •          |
| Compliance with Euro 4 emissions standard by means of SCR technology (AdBlue)   | –              | •                  | –          |
| Compliance with Euro 4 emissions standard by means of particle filter   | •              | –                  | •          |
| 6-speed manual transmission with dashboard gear shift   | •              | •                  | •          |
| 6-speed manual transmission with 210 engine, 9-speed with 240 engine  | –              | –                  | •          |
| Rear-wheel drive with ASR traction control system   | •              | –                  | •          |
| Rear axle with comfortable parabolic springs, air suspension available as an option   | •              | •                  | •          |
| 225/75 R 16 tyres, twin rear wheels   | •              | –                  | –          |
| Twin wheels with 225/75 R 17,5 tyres, rear wheels with all-seasons tyres (M+S)  | –              | •                  | –          |
| Twin wheels with 235/75 R 17,5 tyres, rear wheels with all-seasons tyres (M+S)  | –              | –                  | •          |
| Dual-circuit air brakes with disc brakes on front and rear axles  | –              | •                  | •          |
| Electronically controlled anti-lock braking system (ABS)  | •              | •                  | •          |
| Engine brake  | –              | •                  | •          |
| Exhaust valve brake system (EVB)  | –              | –                  | •          |
| Cruise control system   | •              | •                  | •          |
| Alternator 14 V, 140 A (1960 watt)  | •              | –                  | –          |
| Alternator 28 V, 70 A (1960 watt)   | –              | •                  | –          |
| Alternator 28 V, 80 A (2240 watt)   | –              | –                  | •          |
| Additional alternator 14 V 80 A (1120 watt) to charge on-board leisure batteries while driving                                | –              | •                  | •          |
| Fuel tank - 100 l   | •              | –                  | –          |
| Fuel tank - 180 l   | –              | •                  | •          |
| Cab air-conditioning system   | •              | •                  | •          |
| Tinted cab windows  | •              | •                  | •          |
| Electrically adjustable, heated door mirrors with wide-angle section  | •              | •                  | •          |
| Electric door window lifter on both driver's and passenger's side   | •              | •                  | •          |
| Front fog lights  | •              | •                  | •          |
| Cab seats covered in original material, passenger's seat adjustable in 2 positions  | •              | –                  | –          |
| Heated driver's and passenger's seat with air suspension and lumbar support, covered in original material (MAN with armrests) | –              | •                  | •          |
| Radio / CD / MP3 with speakers in the cab and living area, speaker balance control  | •              | •                  | •          |
| Adjustable steering wheel   | –              | •                  | •          |
| Warning triangle and first-aid kit, warning lamp and two wheel chocks   | •              | •                  | •          |

## Coachwork

|  | <b>CRUISER</b> |
|--|----------------|
| Rugged, long-life Solidtherm aluminium sandwich construction   | •              |
| "Faraday cage" lightning protection  | •              |
| Fully insulated wall joining technique using high-density solid PU profiles to eliminate cold spots  | •              |
| Walls 42 mm thick with 40 mm closed-cell, high-resistance RTM foam   | •              |
| Chromated aluminium alloy external and internal wall, roof and underbody panels  | •              |
| Smooth outer panels with white baked enamel finish   | •              |
| Walk-on roof   | •              |
| Aluminium roof profile sections  | •              |
| Side skirts made of strong but flexible, corrosion-free GRP material   | •              |
| GRP sandwich rear wall construction (approx. 45 mm thick) with PU foam core  | •              |
| Separate GRP rear bumper for easy replacement  | •              |
| Heated double floor construction, intrafloor space approx. 350 mm high, accessible via outside flaps   | •              |
| Luggage locker doors with flush, aerodynamic cast aluminium hinges   | •              |
| Sandwich-type floor and intermediate panel construction with 40 mm and 30 mm RTM foam insulation respectively, adding up to a total of 70 mm | •              |
| Rugged GRP wheel arches with fully insulated sandwich construction   | •              |
| Illuminated rear garage with doors on both sides, luggage tie-down system and 230 V socket-outlet  | •              |
| Illuminated, heated double step inside the door  | •              |
| Electrically retractable step outside the door with safety circuit   | •              |
| "Security Plus" door with combination security lock and key-operated emergency override switch   | •              |
| Double-glazed, tinted tilting/sliding plastic windows with PU frames in the living area with integrated blind and fly screen                 | •              |
| Exterior light with safety circuit (switches off automatically when the engine is started)   | •              |
| Aluminium roof rails with cross bars, rear ladder and ladder extension in white lacquer finish   | •              |
| "Cruiser" decals in blue and silver  | •              |

# STANDARD SPECIFICATION

## Living area / Bedroom

|  | CRUISER |
|--|---------|
| Walls and ceiling covered in colour-coordinated carpet   | •       |
| Easy-clean plastic floor covering  | •       |
| Removable quality carpets  | •       |
| Ergonomic, Diolen-upholstered seating elements with seat belts and zip-off covers  | •       |
| Sandstone microfibre covers in the living area   | •       |
| Lengthwise bench seat can be combined with seating elements to produce a larger seating arrangement (including the table extension with the dinette) | •       |
| High-quality furnishings with laminate or veneer construction  | •       |
| Furniture flaps and doors with real wood veneer on both sides, with metal hinges and catches   | •       |
| Wardrobe with clothes rail, mirror on the inside of the door and lighting  | •       |
| Rear bed with Lattoflex supportive spring system, adjustable headrest and Carawinx mattress  | •       |
| Insulated sliding door leading to the cab, may be locked from the living area  | •       |
| Double-glazed panoramic roof hatch with integrated lighting, blind and fly screen  | •       |
| Roof hatch with integrated blind and fly screen  | •       |
| Sturdy laminated table with wood grain finish  | •       |
| Fabric curtains at the windows in the living area and bedroom  | •       |
| TV cabinet near the door with 12 V and 230 V socket-outlets  | •       |
| Glass-fronted cocktail cabinet with shelves and assorted glasses   | •       |
| Lighting canopies with halogen spotlights and integrated lighting  | •       |
| Glass-fronted cabinets with LED lighting   | •       |
| Sturdy, solid-wood handle inside the door  | •       |
| 12 V and 230 V socket-outlets throughout living area and bedroom   | •       |

## Overcab area

|   |   |
|---|---|
| Bed with Lattoflex supportive spring system and Carawinx mattress                             | • |
| Shelves with halogen spotlights on both sides and 12 V / 230 V socket-outlet on driver's side | • |
| Two double-glazed opening windows with blinds   | • |
| Roof hatch with integrated blind and fly screen   | • |
| Ladder  | • |
| Curtain to separate the overcab bedroom from the living area                                  | • |
| Safety net with straps and bayonet fasteners  | • |

## Kitchen

|  | <b>CRUISER</b> |
|--|----------------|
| Flush-fitted three-flame stainless steel gas hob with automatic ignition   | •              |
| Flush-fitted stainless steel sink  | •              |
| Level glass covers for hob and sink  | •              |
| Chrome railing in front of the hob   | •              |
| Single-lever chrome sink mixer with retractable handspray  | •              |
| Worktop and wall in the kitchen area with hard-wearing laminate finish   | •              |
| 142 l refrigerator with separate freezer compartment, interior lighting and AES (manual/automatic three-way energy changeover switch - 12 V / 230 V / gas) | •              |
| 230 V socket-outlet in the cupboard above the refrigerator   | •              |
| Generously dimensioned cupboards with removable shelving   | •              |
| Easy slide with "cushion close" function   | •              |
| Cutlery drawer   | •              |
| Thermostatically controlled roof fan   | •              |
| Lighting with halogen spotlights in the light canopy and under the wall cupboards  | •              |
| Double waste bin   | •              |
| 3 x 230 V socket-outlets   | •              |

## Bathroom / Toilet

|  |   |
|--|---|
| Bathroom designed to match the living area, wood-panelled walls  | • |
| Bathroom cabinet with mirror and shelf   | • |
| Open shelving with chrome railings   | • |
| Lighting with designer light fittings and halogen spotlights   | • |
| Corisan washstand with seamlessly integrated washbasin   | • |
| Single-lever chrome mixer with extendable shower attachment on the washstand                             | • |
| Generously sized shower cubicle with acrylic glass door  | • |
| Shower mixer with wall rail and shower head with height adjustment facility                              | • |
| Integrated water-flush toilet with spare cassette and cassette storage unit                              | • |
| Toilet paper holder, liquid soap dispenser, towel rail and hooks   | • |
| Toilet window (models with Premium bathroom only)  | • |
| Roof hatch with integrated fly screen and blind  | • |
| 2 x 230 V socket-outlets   | • |
| Spacious wardrobe with mirror on the inside of the door and lighting (models with Premium bathroom only) | • |

# STANDARD SPECIFICATION

## Water / Gas / Heating

|   | CRUISER |
|---|---------|
| Gas compartment capable of accommodating 2 x 11 kg gas bottles, 30 mb gas pressure  | •       |
| Cut-off valves for all appliances   | •       |
| Gas regulator with state-of-the-art automatic bottle changeover system with "use while driving" technology  | •       |
| Freshwater and wastewater tanks fitted in the heated intrafloor area, each approx. 250 l  | •       |
| Easy access wastewater drain valve in the heated intrafloor area  | •       |
| Access to both tanks from living area for easy cleaning   | •       |
| Direct drainage facility for the freshwater tank using the valve in the heated intrafloor area  | •       |
| Wastewater drain hose with bayonet connection   | •       |
| Automatically operating central water pump with surge tank  | •       |
| 5500 W engine-independent gas-fired central heating / hot-water system with thermostatic control and time switch,<br>230 V / 3000 W electric heater, automatic vent valve, non-return valve | •       |
| Integrated hot-water boiler to supply all taps  | •       |
| Heat exchanger that uses the heat produced by the engine to heat the living area  | •       |
| Service access via separate outside flap  | •       |

## Electricity / TV / Radio

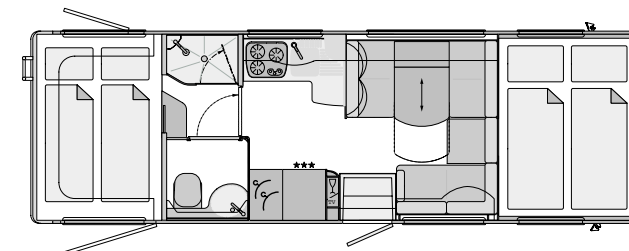

|  |   |
|--|---|
| 150 AH gel battery in the intrafloor area  | • |
| 230 V CEE connection in the luggage compartment with cable routing through the intrafloor area   | • |
| Central control and distribution module with microprocessor technology   | • |
| Automatic battery charging facility with electronic control and battery temperature sensor, 25 A maximum charging current                  | • |
| Automatic charging of leisure and vehicle batteries when connected up to an external power supply and while driving                        | • |
| Automatic connection and disconnection of leisure and vehicle batteries  | • |
| Automatic refrigerator cut-off in 12 V mode when the engine is switched off  | • |
| Deactivation of on-board electrical system when voltage too low or in the event of overheating, with automatic reactivation                | • |
| Automatic residual-current-operated circuit breaker  | • |
| 300 W sine-wave power inverter (230 V to all socket-outlets – even when not connected to external power supply) and mains priority circuit | • |
| 230 V socket-outlet in the garage  | • |

## On-board electronics

|  | <b>CRUISER</b> |
|--|----------------|
| Ultra-modern microprocessor-controlled on-board electronic system with BUS technology (Binary Unit System) | •              |
| Central control and monitoring panel   | •              |
| Master switch for all items of equipment   | •              |
| Pushbuttons to switch the following systems on and off:  |                |
| • Heating  | •              |
| • Anti-freeze system for the gas pressure regulator  | •              |
| • Gas valve (in conjunction with gas tank only)  | •              |
| • Lighting   | •              |
| • Water pump   | •              |
| • Power inverter   | •              |
| LCD indicator panel for monitoring of:   |                |
| • Freshwater tank  | •              |
| • Wastewater tank  | •              |
| • Voltage of the leisure and vehicle batteries   | •              |
| • Outside and inside temperatures  | •              |
| • Charging and discharging current   | •              |
| • External power supply  | •              |
| • Gas level (in conjunction with gas tank only)  | •              |
| • Batteries connected in parallel  | •              |
| • Date and time with alarm clock function  | •              |
| Alarm facilities for:  |                |
| • Wastewater tank full   | •              |
| • Freshwater tank empty  | •              |
| • Low battery voltage  | •              |
| • Reserve gas bottle in use  | •              |
| • Step extended  | •              |

## THE CABIN CONSTRUCTION OF THE CONCORDE CRUISER

As far as motorhome building is concerned, the name Concorde is regarded as being a synonym for perfect insulation and outstanding stability. This is primarily due to the fully bonded Solidtherm® cabin construction with high-density solid PU profiles to eliminate cold spots and the side wall insulation with a 40 millimetre layer of RTM foam. As if that were not enough: sandwich constructions are also used for the floor and intermediate panels, with insulation layers adding up to a total of 70 millimetres, contributing to the as yet unparalleled insulation values achieved by Concorde. Furthermore, the side skirts, the bumpers and the front and rear sections are made of rugged but flexible GRP material. The completely smooth, high gloss, aluminium sandwich wall panels create an automobile impression and aluminium roof profile sections with rain channels reduce soiling of the side walls to ensure that the attractive appearance is maintained over the years.

The prices for vehicles and special options apply to vehicles purchased and registered in Germany and are quoted in euros including 19 % value-added tax. Concorde reserves the right to adjust the quoted prices in the event of an increase in value-added tax between order and delivery. All prices are recommended retail prices ex works. If the vehicle manufacturers change their prices, this will necessitate a corresponding adjustment to the price of the finished vehicle. The prices for special options only apply where these are installed in the factory, assuming that adequate notice has been given. Retrospective installation work incurs additional costs for materials and labour. The quoted prices include the ancillary expenses for delivery of the chassis and acceptance by the German Technical Inspectorate (TÜV). Concorde reserves the right to implement technical modifications as long as the quality of the product remains the same or is improved, and the intended purpose is not adversely affected. This price list supersedes all previous price lists.
