THE COMPANY

The history of Laika began in 1964. These were the years of the conquests of space. The founder, Giovambattista Moscardini, was fascinated by these adventures that were opening new horizons.

This is why the company was given the name of the first dog launched into space and its logo is the red greyhound with wings.

1964 was also the year of the first caravan model, the little "500". It was so small in size that it could be towed by a Fiat 500.

Laika produced the first motorhome in 1977. We've come a long way since then...Laika is now a state-of-the-art company.

LAIKA REXOSLINE: EXPERIENCE AND BEAUTY

The Laika Rexosline A-class represent the absolute synthesis of experience, technology and design. The exclusive style of the bodywork, clearly inspired by automotive design, the perfectly streamlined styling, the extremely low total height, the elegance of their shapes turn the Rexosline A-class into veritable gems. The cab, which is extraordinarily elegant with automotive features, offers exceptional comfort to both driver and passenger. Two generously-sized glass-fibre cab doors are standard equipment. These features make the Laika Rexosline A-class vehicles the point of arrival for the most discerning motorhome enthusiasts.

REXOSLINE

LAIKA
TRUE ITALIAN CLASS

Rexosline 720

Rexosline kitchens offer you the utmost level of functionality, user-friendliness and high quality standard equipment: domestic type four-burner hot plate with integrated oven and heating compartment, design-oriented drawers and hanging-closets, 150 lt. fridge with curved doors, large freezer, high-performance design exhaust hood with LED light.

LIVING IN HARMONY IN A REXOSLINE

The interiors have been conceived to let you be in a world of harmony and elegance: LED lights, nautical designer furniture with rounded shapes, embellished by the unique matching handles, padded couches like those at home, original upholstery, spacious settings.

Rexosline 720

Rexo sline 723

Rexo sline 722

Rexo sline 720

DREAMS HAVE NEVER BEEN MORE PLEASANT

The night area of Laika Rexosline motorhomes is particularly spacious and comfortable. The drop-down bed, with generous headroom, possesses a number of standard features: extra comfortable, high density "Laika Sleeping System" mattresses, wooden staves to ensure a correct under-bed air circulation, an electric roof-light and the option for extending the bed to 2 mt. The warm air vents and the windshield spacing system make the bed practical and comfortable all year round.

Rexosline 723

ERGONOMICS AND CONVENIENCE

The washroom is the result of accurate ergonomic studies: the separate shower with independent mixer unit makes the use of it even more enjoyable, the numerous storage compartments ensure optimising of the space, the window and roof-light offer ideal ventilation.

Rexosline 720

The Rexosline A-class offer as a standard feature two very thick glass-fibre doors with a wide opening, car-type inner trim with capacious pockets, courtesy light, safety light and electric windows.

REXOSLINE 800L

EMOTIONS WITH STYLE

Abandon yourself to the luxury and the pleasure of travelling in the new Laika Rexosline 800L motorhome, the top vehicle of the Laika fleet. An automobile-style jewel of moderate height, with metallized-silver streamlined bodywork equipped with two wide doors in the driving cab. The extraordinary lighting technology system - with its indirect light over the hanging cabinets - provides for light-colour changing thanks to an appropriate remote control. Rexosline 800L is the dream of those who love elegance and long for luxury travelling on a true roadyacht.

PRESTIGIOUS DETAILS

The living area of a luxury apartment is surely rich in details which make the environment elegant and unique. This special atmosphere is exactly what you experience in a Rexosline 800L: elegant design shapes, exclusive furniture, like the precious kitchen top - a pleasure to the touch - the designer water mixing unit, the glass-ceramic cooker, the mother-of-pearl kitchen furniture doors, the charming bar showcase with integrated lighting, the comfortable sofas, the extraordinary light effects.

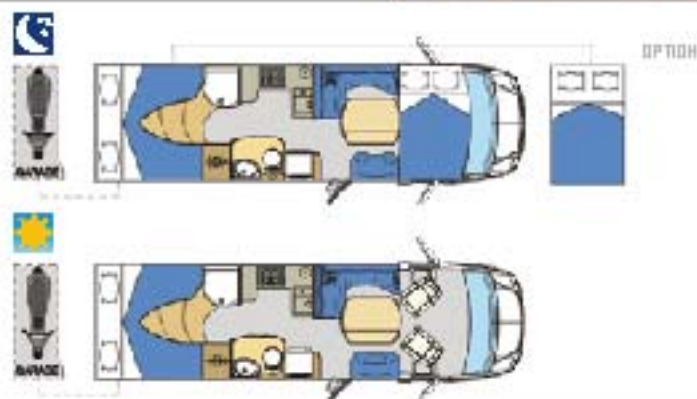

PURE DESIGN

Travelling unnoticed will be impossible. The top of the line appliances, such as the powerful Alde water heating system and the heated floor in the driving cab - just to name a few - make a Rexosline 800L special. But its charm is in its design, the perfect interior ergonomics, the prestigious details. Let yourself be fascinated by Rexosline 800L.

A BEDROOM FOR A KING

Laika Rexosline 800L offers an absolutely special bedroom: the bed headboard is upholstered and equipped with a built-in exclusive oval mirror with a silver-coloured frame. On the ceiling, small blue led drop-lights provide for a spectacular star-studded sky. A V-shaped mattress allows one to use the bed either as twin beds or to easily create a huge king-size bed. The spring-system under the mattress provides for total comfort.

KREDS: LIVING IN THE BEAUTY

People who believe that living amid beauty improves the quality of life, will find the Kreds their ideal vehicle. The new Kreds range not only is stylish, it is also extremely functional and it can meet the needs of even the most experienced motorhome enthusiasts. The new Kreds line has been created for people who love design, balanced styling, true elegance but also practicality. The prestigious exterior design with silver overcab and the distinctive colours make Laika Kreds vehicles unique. For people who love absolute beauty and want to treat themselves to the very best.

CONVENIENT DESIGNER INTERIORS

The interiors have been conceived to make you feel in a world of light and harmony: designer furniture, embellished by unique matching handles, indirect lighting with LEDs over the wall cupboards, cushioned sofas like those at home, original upholstery and spacious settings.

Kreos 3001

Kreos kitchens offer you the utmost level of functionality, user-friendliness and high quality standard equipment: automatic retraction drawers, a useful soft-touch work surface, exclusive marine design Laika hood with integrated LED lighting, wide removable cutlery tray and, on Kreos 3002, a slide-out basket accessible from two sides.

Kreos 3001

LAIKA SLEEPING SYSTEM... TO MAKE YOU FEEL AT HOME. In a Laika Kreos lution you will feel like you are in your own home bedroom. Extra comfortable, high density "Laika Sleeping System" mattresses, wooden slats, an enhanced insulation thanks to the new overcab manufacturing system "Laika DoubleShell", warm air perimeteric distribution system, insulating upholstery all along the perimeter, double reading lights with LEDs, and - especially - a pleasurable sensation of spaciousness.

Kreos 3009

Kreos 3012

A RELAXING SPACE

The washroom of the new Kreos will surprise you with its style, its generous size and the technology: wide Laila exclusive sink in precious porcelain-like material with soft-touch effect, a transparent luxury liquid soap dispenser, wide mirror surfaces, LED lighting.

KREOS 5001 SL

THE MAXIMUM IN COACH-BUILT'S Kreos 5001 SL summarizes technique, convenience and harmonious shapes. It has been conceived as for people fond of winter sports and cold weather. It is equipped with a powerful ALOE heating system. A wooden panel separates the living quarters from the cab, in order to keep the home unit warm. The exterior is sporty and pleasing to the eye.

PRESTIGIOUS INTERIORS
Kreds 5001 SL is not a common motorhome. Its interiors have designer elements and are based on an attentive ergonomic study. One will experience charming furniture with elegant aluminium profiles, full-led lighting, a super-kitchen with mother-of-pearl doors on hanging cabinets, a lighted exhaust hood and a large living-room with eight seats so that one can share relaxing moments with friends.

PERFECT FOR THE MOUNTAIN

Kreos 5001 SL has been conceived to spend pleasant time with friends after skiing, as well as to house your sports equipment. The Double Garage System is really maxi-dimensioned (2,170 x 1,740 mm). It is divided into two separate compartments to easily and conveniently store different types of sports equipment. The internal garage (which has an external opening door and is also accessible from inside the vehicle) is heated and equipped with a clothes rail and removable dripping trays. Ski clothing and boots can be easily dried-out in this area.

CONVENIENCE HAS A NAME: ECOVIP

In addition to an attractive and modern design, the Ecovip range ensures an excellent comfort and absolute convenience. Laika Ecovip offer a series of top level equipment: central locking, an electronic anti-theft device (not for UK), fibre glass roof, an electric step that is controlled from the dashboard with buzzer and warning light, an electric box for accessory cable connection on the roof, a powerful Truma Combi CB heating and additional heating in the living quarters during travelling for a perfect holiday in winter, too.

Ecovip

LAIKA
TRUE ITALIAN CLASS

DETAILS MAKE THE DIFFERENCE

The spacious, distinctive interiors are combined with technological and designer features that make life on board a true pleasure: the LED lighting for a high energy saving, the tiltable wall table which creates an even more spacious environment, the elegant marine style aluminium profiles, the exclusive removable lumbar back rest system in the living-room. The furniture, built with skillful care, gives to the living area a warm and welcoming touch.

Care for details, sturdy materials and a robust structure. These are the features that make Laka vehicles so successful. The kitchen area is generously-sized and practical, due to new design layouts and to a complete equipment, which includes a large fridge with separate freezer and automatic power source selection (AES) and very practical large-sized drawers.

Ecovip 1

THE PLEASURE TO WAKE UP WITH A SMILE

The super maxi-sized luton has exceptional dimensions (including useful headroom height from the mattress of 74 cm), a roof light and it is fitted with wooden slats and an extra comfortable mattress to ensure an excellent night rest. The luton is upholstered with a special material that has an insulating effect. For those who use their motorcaravan during the winter too, Laika has equipped all Ecovip lutons with a special warm air distribution system which will allow you to enjoy a cosy sleep even if temperatures drop outside.

In addition to elegance, Laika Ecovip washrooms offer a domestic type water system with robust polybutylene pipes and fittings, and 40 mm diameter drain pipes with waste traps. Many more details make the difference: a luxury etched glass liquid soap dispenser, a retractable clothes rack as standard, in-board water tanks and fixed tanks with ventilation.

MUCH SPACE FOR THE WHOLE FAMILY
The Laika Ecovip offer numerous possibilities of storage, depending on the model: from the full-width underfloor storage compartment with lighting, accessible from both sides, to a motorcycle garage, to the maxi-boot with sectionally-opening hatches that can also house bicycles, now accessible also from inside the vehicle. Laika also provides an extremely practical standard fitting: a dashboard warning light which flashes when the locker door is left open.

LAIKA X RANGE... DESIGN AND INNOVATION

The new Laika X range motorhomes are the quality answer to those who look for a highly-reliable vehicle by a prestigious brand that is able to provide for an excellent Customer Service. Innovation, technology and convenience are the basic principles inspiring the new Xs. The external design, featured by original almond-shaped overcab and latest generation ABS side skirts in satin silver colour, makes Laika Xs even more elegant. Thanks to several exclusive components and to an ergonomic space division of interiors, you will always feel at home, surrounded by an elegant and young atmosphere. Thanks to the unique Laika insulation system, the X range vehicles are suitable for winter holidays.

X 595A

X 710

X 713A

A CLASSIC, MODERN STYLE

Laika is true to its philosophy, combining classic design with modern furniture, featuring the "Laika Champagne" exclusive colours of handles and profiles. Upholsteries are original and stylish. Everything on a Laika X has been conceived to maximize convenience, with some extra designer touches.

A MAXI-SIZED LIVING-ROOM FOR A PLEASANT TIME WITH YOUR FRIENDS

The living area of the new Laika Xs combines elegance and convenience. The new "Sofa Extension System" allows one to easily obtain one extra table seat. The ergonomic cushions in the living-room with integrated lumbar backrest make your seating more comfortable. LED lights under the cabinets create a unique atmosphere. A tinted showcase with integrated light gives a true touch of class to the motorhome interiors.

X 710R

X 650R

The kitchen of the new X range motorhomes has been designed following the home-kitchen model, with maxi-dimensioned drawers, a chopping board which can be both used as a sink-cover or as an additional kitchen work-top to be pulled out from a drawer, scratch-proof hanging cabinet doors, a separate spice-holding cup-board with mirror and built-in light spots.

X 650R

A DROP-DOWN BED ON ALL LOW-PROFILE MODELS

All X range low-profile motorhomes can be equipped with an [optional] electric drop-down bed above the living area. When unused, the drop-down bed allows for 185-cm height from the floor. When the drop-down bed is in use, also the bed in the dinette below can be used as well. The overcab has a unique external almond shape, so that the Laika X motorhomes can be recognised from afar.

X 650R

X 713R

The overcab contains a true bedroom, with large shelves on three sides, adjustable reading LED lights, an extra-comfort mattress, wooden slats, a warm-air distribution system, a roof-light and a large window. Its 780-mm useful height above the mattress also contributes to making the X luton a veritable bedroom.

X 713R

LAIKA X RANGE... SPACE IS ENSURED

There is a lot of room in the Laika X motorhomes, thanks to maxi-sized cabinets, two door wardrobes, spacious drawers and shoe-racks (X700) as well as huge garages, with lighting, anti-slip fibreglass floor and doors with sensors opening on both sides.

A QUIET ANGLE

The X-range bathrooms are really special: wide spaces, mirrors, a warm wood panelling, an exclusive laika almond-shaped sink, a separate shower with rigid sliding-door, a liquid soap dispenser made of opaque crystal. Enter an X bathroom and discover how special it is!

SPORT 100: VERSATILITY IS ITS TARGET

Laika presents Sport 100: a highly versatile vehicle, with many ideas and practical details. The silver bodywork and the young, sporty external design makes the Sport 100 perfectly aerodynamic. The interiors are luminous, modern and elegant at the same time. The Sport 100 provides many practical space saving solutions: the shoe rack, the bike storage area, the useful area above the cabin and the area below the dinette. Each centimetre has been optimized to provide a functional and elegant van.

POINTS OF STRENGTH

Discover the features and standard equipment that make the difference.

100% ITALIAN DESIGN

Owning a Laika motorhome means having a "different" motorhome with a unique personality and an unmistakable style.

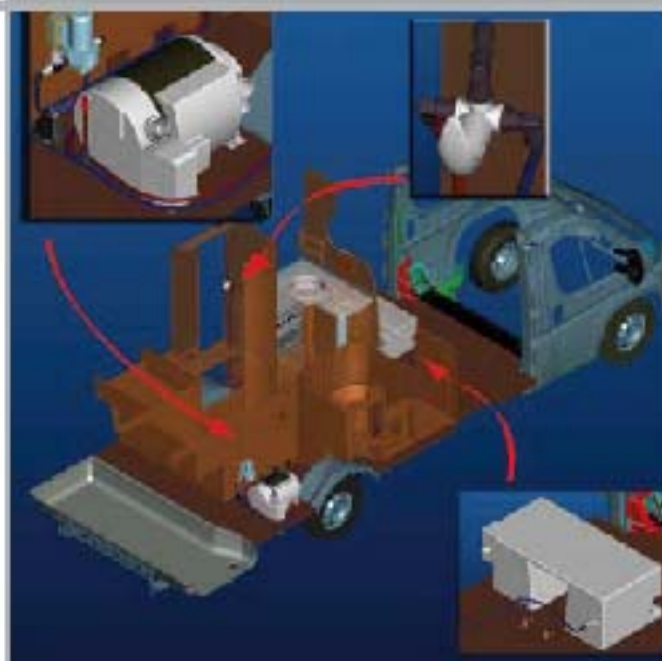

NEW AND CONVENIENT SOLUTIONS

Laika strives to always provide highly convenient solutions. Some of these may not necessarily be detected at first sight; they can be thoroughly appreciated only when using the motorhome, such as the independent light switches and a home-like kitchen.

45-YEAR EXPERIENCE

LAIKA is 45 years old. The design and manufacturing of its products now show the experience resulting from many years of study and work.

UNRIVALLED INSULATION OF THE LIVING QUARTERS

The thickness of the walls, floor and roof, the type of insulating material (Styrofoam) and its density make all Laika vehicles suitable for use in the winter. For holidays that last all year round.

USE OF HIGH-RESISTANCE AND QUALITY MATERIALS
Laika carefully tests all materials used for manufacturing its vehicles. The producers of these materials have to comply with high quality standards in order to become Laika suppliers.

HEATED WATER TANKS IN AN ANTI-FREEZE POSITION

The Laika water tanks - for both clear and wastewater - are heated*.

DOMESTIC TYPE WATER SYSTEM

With high quality, stiff polybutylene pipes and fittings and 40 mm diameter drain pipes with siphons.

POINTS OF STRENGTH

ELECTRONIC ANTI-THEFT SYSTEM *

For secure travel (not for UK).

CENTRAL LOCKING OF ALL DOORS WITH REMOTE CONTROL *

Not just for the two cab doors but for the living quarters door as well.

LIGHTING WITH ENERGY SAVING LEDs

On all Laika vehicles (except for Sport 100), the lighting is provided by LEDs. This allows significant energy savings.

EXCLUSIVE, LARGE-SIZED CAR-LIKE GLASS-FIBRE DOOR TO THE LIVING AREA *

Fitted with electric safety lock, flyscreen, large fixed window, sliding blind and fitted bin with removable basket.

QUALITY WINDOWS AND EXCELLENT AIR VENTILATION IN THE WHOLE MOTORHOME

Thanks to several roof-lights and over-dimensioned silver-framed windows, each motorhome area is properly ventilated, to increase comfort onboard.

ELECTRIC DROP-DOWN BED (OPTIONAL) ABOVE THE LIVING AREA (LOW-PROFILE)

Eight different LAIKA X low-profile models can be equipped with an [optional] extra bed above the dinette, electrically adjustable. When not in use, the LAIKA special drop-down bed provides up to 1.85-mt useful height from the floor. The bed is available in two different versions: Light Duty or Heavy Duty for an even higher night comfort. It can be adjusted at any height and allows to simultaneously use the dinette bed below.

ELECTRIC STEP CONTROLLED FROM THE ENTRANCE DOOR AND FROM THE DASHBOARD+ SENSORS ON GARAGE DOORS

The step (single or double) also has a buzzer and warning light on the dashboard to alert if the step has been left open. All garage doors are equipped with safety sensors, indicating when a door is not properly closed. An extra safety feature.

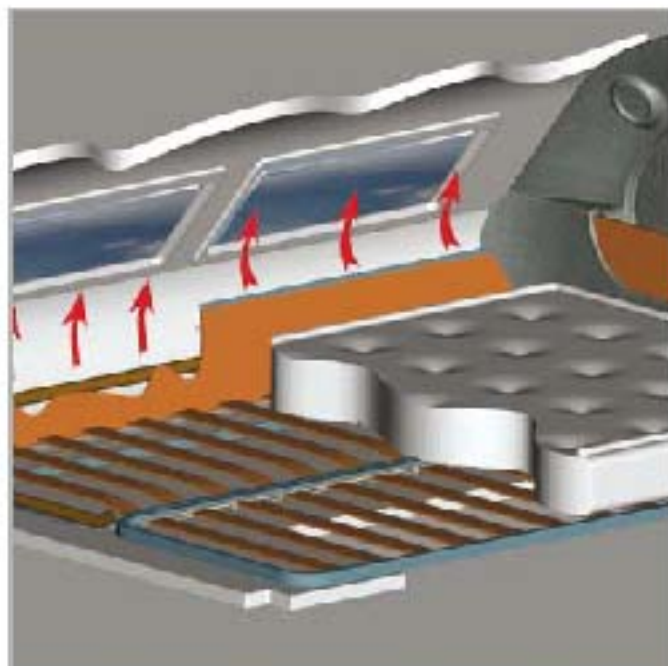

FULL-COMFORT, SUPER-MAXI VOLUME LUTON

The Laika lutons possess unique features: up to 780 mm of headroom height, extra-comfortable mattresses, condensation-proof bed surface with wooden slats, roof-light, large windows, reading lights and excellent ventilation. On the Kresos and Ecovip ranges there are also two reading lights on both sides and a courtesy switch which enables to switch on/off a night light in the living area.

POINTS OF STRENGTH

LUTON WARM AIR DISTRIBUTION SYSTEM

A specialised system supplies warm air to the luton, thus providing exceptional winter comfort.

HIGH QUALITY UPHOLSTERY FOR LOUNGE CUSHIONS

Laika cushions are made of high density, indeformable expanded polyurethane with differentiated structure. They provide optimal comfort.

FIXED DOUBLE BEDS AND LUTON BEDS WITH WOODEN STAVES

For perfect night-time comfort.

EXTRA-COMFORT MATTRESSES FOR FIXED BEDS

Extra-comfortable mattresses, specially designed to enhance your sleeping comfort. On the Rexosline and Kreos range, extra comfortable mattresses "Laika Sleeping System", in indeformable, high density material.

DOMESTIC COOKER WITH FOUR BURNERS, GRILL AND OVEN

All of the Laika Kreos and Rexosline models have as standard equipment this practical cooker.

POWERFUL COMBINED HEATING/BOILER SYSTEM WITH ELECTRONIC CONTROL TRUMA C 6

Laika only uses high power systems. To make sure you get the warmth you need everywhere: even in the washroom and luton.

ADDITIONAL HEATING FOR THE LIVING QUARTERS *

To increase travelling comfort, the Laika Rexosline, Kreos and Ecovip have this feature as standard. It allows passengers seated in the dinette to keep warm during a journey.

MARINE STYLE TABLE, ADJUSTABLE IN ALL DIRECTIONS

Kreos and Rexosline vehicles (as well as X series vehicle with L-shaped dinette version) are equipped with a 360° adjustable table with a telescopic leg. Easy to lower, thanks to a simple button.

POINTS OF STRENGTH

MARINE STYLE ROOF UPHOLSTERY, WITH INSULATING EFFECT

The roof of the Rexosline, Kreos and Ecovip motorcaravans is covered with a special marine style material, with anti-stain treatment and insulating effect.

NUMEROUS PROVISIONS FOR THE INSTALLATION OF ACCESSORIES

Laika vehicles have been designed with a large number of standard provisions to allow you to easily customise your vehicle. The Kreos coachbuilds and the Ecovip range vehicles are equipped with an electric box on the roof which enables one to install electric accessories with ease.

DOUBLE FLOOR

A double floor area in a portion of the vehicle allows the creation of very practical under-floor storage compartments with lighting, accessible from both sides (Ecovip range and Kreos coachbuilds).

ACCESSORIES

A Laika already possesses as standard everything necessary for a unique holiday, but it is also fitted with provisions to accommodate a broad range of customised Laika accessories. Ask your dealer for the list of all the Laika accessories available and enjoy customising your new vehicle.

Please note: the installation of accessories can reduce your loading capacity.

MANY CUSTOMIZING POSSIBILITIES; VERSATILE EQUIPMENTS IN ORDER TO ADJUST THE MOTORHOME TO DIFFERENT TRAVELLING SITUATIONS

Laika offers the possibility of selecting some fittings to adjust the motorhome to the type of equipment you want to travel with or to your travelling companions. For example, the electrically-adjustable rear bed (available on some models only) or the width extension device of the drop-down bed.

LAIKA KEEPS ITS VALUE IN TIME

Purchasing a Laika vehicle is a long-lasting investment.

LIVE WITH LAIKA THE PLEASURE OF BEING A SPECIAL MOTORHOME OWNER. ENJOY YOUR HOLIDAYS!

THE NEW X CONCEPT

Here are some points of strength of the new Laika X. There are a lot more. Discover them all at your local dealer and you will be fascinated by every single detail.

SEVEN SEATS FOR LUNCH

Thanks to the Super living version, the X 700 can provide you with a living-room allowing up to 7 seats for lunch. And when your friends visit you for a cocktail there is enough room for 8 seats.

STANDARD TABLE EXTENSION

In the standard dinette version, the table extension is standard and the table can measure up to 1.5-m long (X 700).

ADJUSTABLE LIGHT ATMOSPHERE

The new LAIKA X lighting technology concept has been designed to always create a different lighting style: the light beam from light spots under the cabinets can be directed towards the inside for reading purposes or towards the wall in order to create a relaxing atmosphere. Several light spots can be switched on independently. You can choose what and how many lights are to be used to create a different light atmosphere. Thanks to full LED technology you can also save much energy.

TWO TYPES OF LIVING-ROOM FOR EACH MODEL

Now you can decide the type of living-room you prefer: you may choose the standard version, with a demi-dinette and a table anchored to the wall with a standard extension system, or you may choose the optional version, i.e. an L-shaped lounge with a table with telescopic leg and adjustable top (any direction). The headrest upholstery can be easily removed and washed.

SOFA EXTENSION SYSTEM

Thanks to a simple standard system, it is possible to increase the seating comfort or even create one more seat, by adding a small optional cushion.

LAIKA X KITCHEN CONCEPT: A GOURMET KITCHEN, IN TWO VERSIONS

X Series kitchens are structured like home kitchens, with several useful details: maxi-dimensioned drawer chests, large window, extractor fan, 230V socket, an additional slide-out work top (L-shaped kitchens), a chopping board to be used on the sink or as an additional work top thanks to a hide away panel where the chopping board is housed. The "Grand Chef" kitchen version is also available for extra cooking, where you have four gas burners, an oven and a dripper integrated into the kitchen top.

CUSTOMER SERVICE

Choosing a laika means you make a valuable choice in terms of quality, reliability and service. Laika has always supported and listened to the needs of its customers, providing highly skilled technical staff with over 20 years of experience in the field. But that is not all.

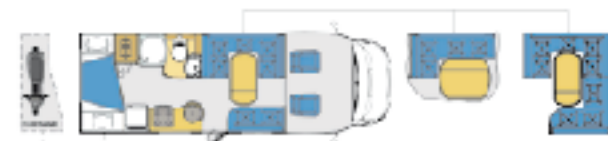

Everyone that becomes part of the Laika family is entitled to a number of valuable benefits:

- Six year waterproofness warranty on the conversion
- 24 month product warranty
- A clear and detailed warranty handbook
- Instructions for use and maintenance complete with practical photos
- An extensive European service network composed of highly specialised, professional and up-to-date technicians able to offer service, spares and advice at all times
- Authorised workshops with modern equipment
- Spare parts available for many years after purchase
- Friendly and experienced sales personnel

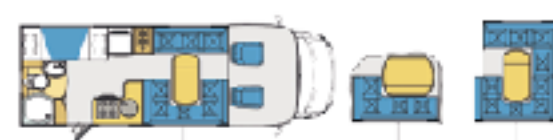

We could also tell you about the emotion of a holiday in a laika, but we prefer to leave to you the pleasure of discovering that for yourself.

Laika Caravans S.p.A. reserves the right to modify, at any time and without prior notice, the technical characteristics and outfits of the living quarters and chassis, the characteristics of the furnishing and the equipment of the vehicles presented in this catalogue. Some of the vehicles photographed and included in this catalogue show accessories that are not included as standard, therefore only available with an extra charge. The photographs may also show furnishing items (e.g. dishes, glasses) and other objects, such as for example television sets or motorbikes, not included with the vehicle and not sold by Laika. This catalogue contains the equipment and characteristics at the time of going to press. Your dealer will inform you about any changes to the products after the time of printing the catalogues. All the optional items - including the option with L-shaped lounge or the optional upholsteries - are subject to surcharge. Particular and/or special uses required by the customer should be pointed out to the dealer before stipulating the sale contract.
