

N-Class Range

### New chapter in the IH world

By blending IH's outstanding design ability with top quality craftsmanship, luxurious materials and quality fittings IH is delighted to launch a brand new luxury range of motorhomes.

The first thing you notice about the new N class range is they have proper side doors, called an entrance module\*, which replace the original Fiat Ducato sliding door allowing easy closure and protecting the interior from inclement weather when entering or leaving. Our bespoke entrance module\* is so unique that we have applied to patent the design. The entrance module\* carefully matches the contours of the vehicle and allows easy access as well as creating more interior space. Combined with the exclusive rear panel sculpted to give you even more boot space and the motorhome has become fully encapsulated.

## N-Class 630 RL/RG

### Epitome of Style

These models use the rear lounge layout based on the Fiat extra long wheel base Ducato Van. With two options available – firstly the N-Class 630 RL with its full 6ft 6in single beds/King size bed or its sister the N-Class 630 RG with a rear garage and transverse double bed.

As with all models in the IH range all motorhomes are built with the highest quality fixtures and fittings. With beautifully designed washroom and high specification kitchen this motorhome is at the forefront of contemporary design and practicality. With the ability to choose cabinet, upholstery and exterior colours you will be delighted with your spacious and exclusive home. Under slung gas tank, TV aerial, full insulation, concertina blinds, safety

features fitted as standard (to name but a few) you can be confident that this vehicle is equally impressive inside and out.

The RG 's boot space can be accessed from three points – from the exterior, internally from above and at floor height. The new 2014 rear panel has a large hinged boot lid to allow easy access to the area. This garage area has a wipe clean finish and provides ample storage for golf clubs, folding bikes, wheelchairs, mucky boots or even wet dogs.

## N-Class 630 FL

### Style and Class

The all-new N-Class 630 FL borrows the same front lounge floorplan as the standard 630 FL, but adds more. It all starts with the IH's unique entrance module\* – a hinged door (with integral LED awning light) opening into the spacious front lounge where the cab seats swivel easily to join the L-shaped settee whilst still leaving plenty of all important floor space.

Walk through toward the back and you will pass through the beautifully appointed galley kitchen and into the generous washroom with extensive shower area and instant access to the wardrobe. There is no compromise on storage as the newly designed rear panel allows more convenient easy access to the massive storage area. You chose, we build, you enjoy.

# N-Class 630 SL

**A new chapter for IH & the future for motorhomes.**

Meet the new pinnacle of motorhome design. The most desirable luxury motorhome you could ever dream of, the N-Class 630 SL comes equipped with a custom built slide out "space maker" which really pushes the design boundaries to a new level. Carefully sculptured to exactly match the contours of the Ducato base vehicle, a simple touch of a button, when parked up, allows you to extend out the most generous front seating area you will ever get in a this size of motorhome.

At night the extensive lounge seating becomes a master bedroom. Combine this with a beautifully newly designed fully equipped L shaped kitchen, rear

washroom of outstanding quality, all encompassing comfort and craftsmanship and IH have created an exceptional living environment for the most discerning owner.

Never before has so much gone into a motorhome – the culmination of over 20 years of award winning craftsmanship combined with relentless passion and enthusiasm. As our flag ship it combines the new rear panel, exclusive entrance module\* and revolutionary slide out space maker – all new IH innovations.

So, a spacious living area and bed, a large washroom and the largest kitchen you have seen

in this sector of the motorhome industry and our expertly finished product is sure to become an icon.
