REISEMOBILE AUS LEIDENSCHAFT

THE PERFECT ENTRY-LEVEL PREMIUM-CLASS VEHICLE.

The real art of designing luxurious motorhomes is reflected in the limited space. And the best evidence for this is the Credo – a series whose furnishings and technology don't need to hide behind large integrations. After all, its development is based on Concorde's more than 30 years of expertise in the motorhome-construction industry. For a journey into the premium class, you can't beat the Credo.

Credo

PURE LUXURY, ASTONISHING VALUE.

Even our entry-level model offers you the unrivalled benefits of a Concorde luxury motorhome. For example, the Alde hot-water heating ensures the perfect indoor climate, whilst the Concorde One Level Concept provides a raised floor stretching through the whole vehicle without steps, and newly developed wall and ceiling panelling ensure improved insulation. All of this will impress you just as much as the astonishingly low price of the Credo.

CONVENIENCE FROM THE OUTSET.

The living room. The interior concept of the Credo perfectly balances comfort and functionality. The spacious living environment with an ergonomically shaped seating group and lightweight furniture in a high-quality Cherry Fineline look, manufactured by Concorde, are all part of the standard equipment, as is the newly developed Soft-walk flooring with a maximum on walking comfort, insulation and durability.

EFFORTLESS COOKING LIKE NEVER BEFORE.

The kitchen. The kitchen in the Credo also demonstrates a real commitment to quality and functionality. A three-flame cooker, a single-lever mixer tap and the mineral worktops with moulded-in stainless-steel sink all set standards in this class when it comes to ergonomics, design and functionality. And as we are using even more ultra-lightweight materials, the whole kitchen is almost 30 kilograms lighter than the fittings in the previous model.

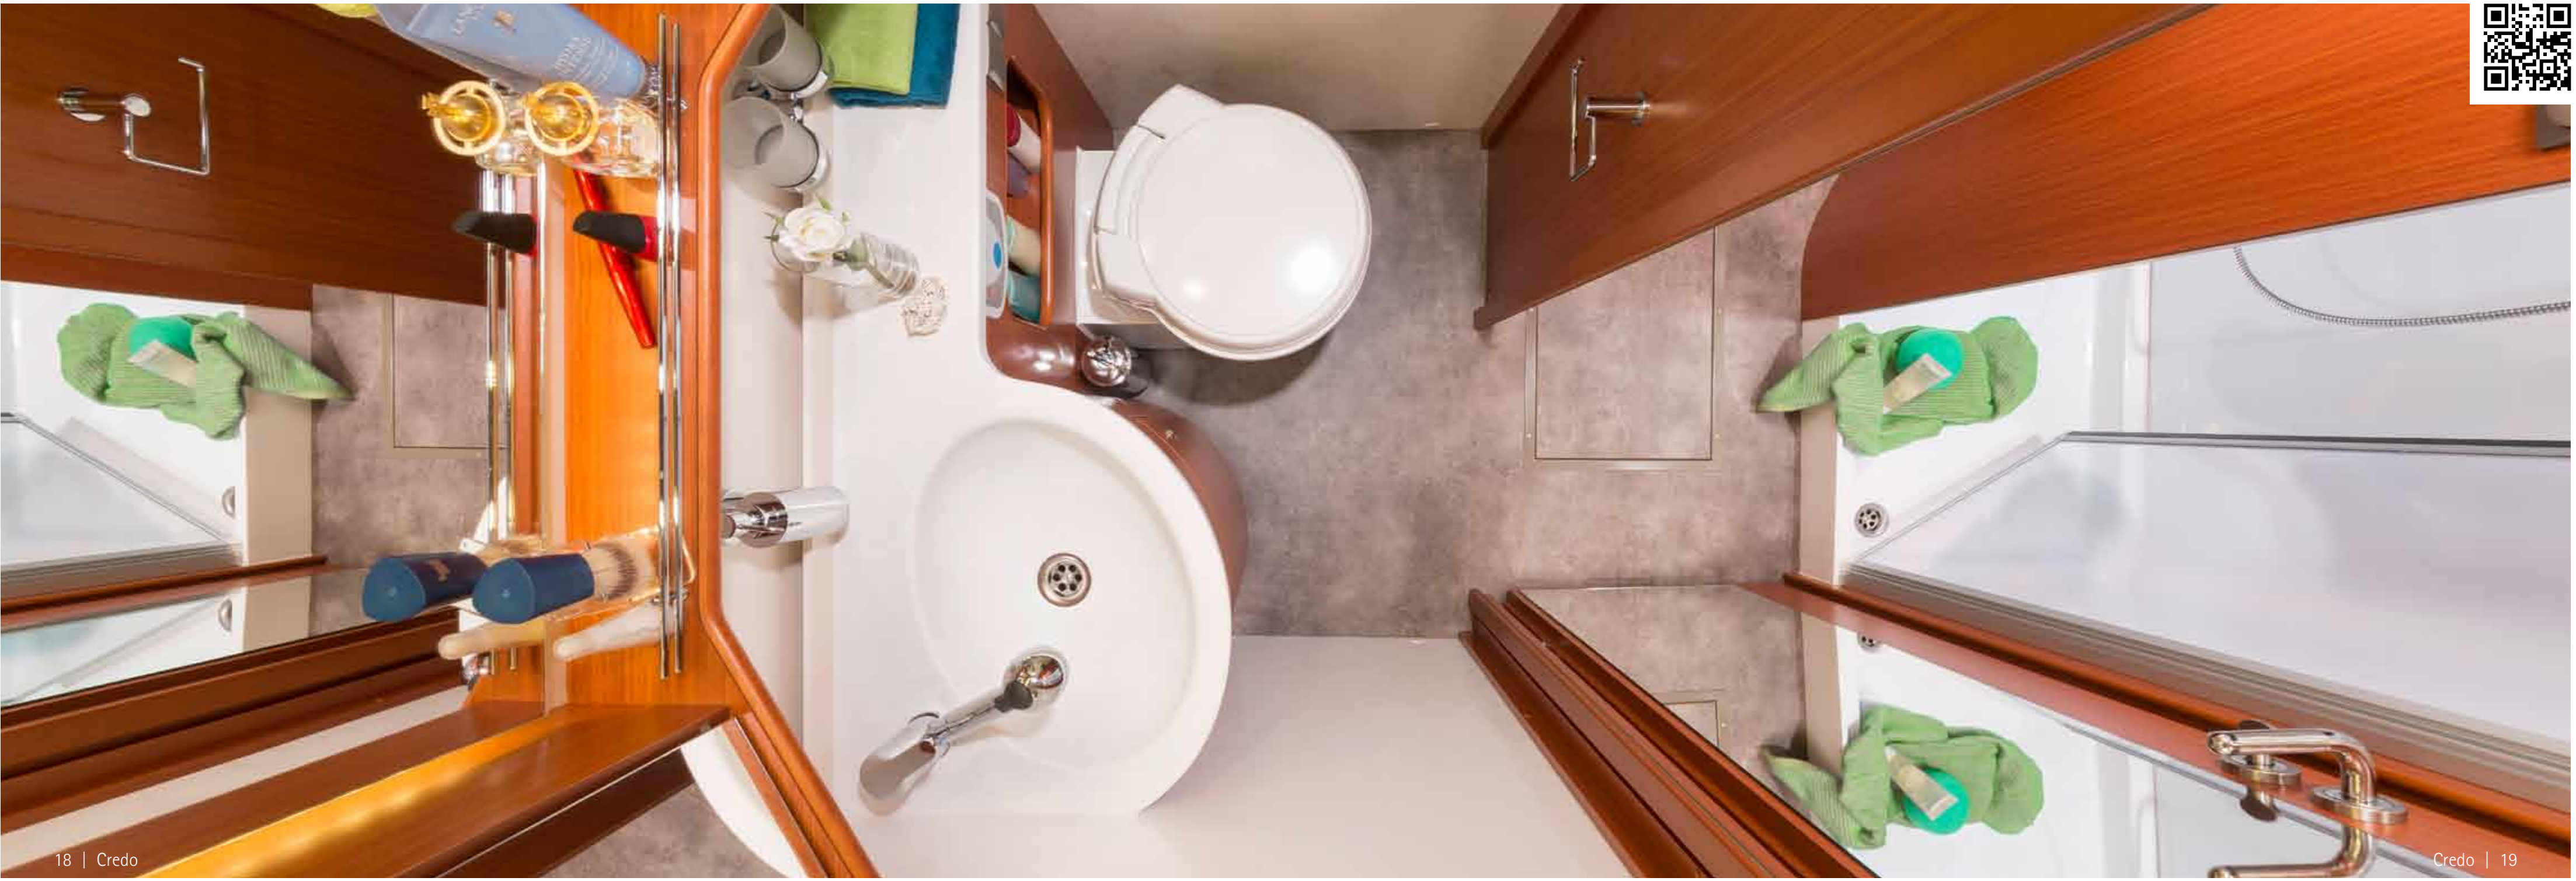

BATHROOM IDEAS FOR THE HIGHEST DEMANDS.

The bathroom. Enjoy the Concorde premium bathroom concept: the high class pump and piping system used ensure a water pressure that will feel like taking a shower in your own home. A well thought-out bathroom construction creates an enormous sense of space and there is also a great deal of space in the large wardrobe. A separate dressing area rounds off the bathroom.

SO COMFORTABLE THAT YOU COULD EASILY
SLEEP RIGHT THROUGH YOUR HOLIDAY.

The bedroom. You're guaranteed to be able to relax completely in the bedroom, which is separated from the living area by a sliding door. First of all there's the different bed options with spacious sleeping areas. Depending on the floor plan, you have the choice of a bed including headrest across the rear of the vehicle, or two single beds as well as an optional fold-down bed. What they all have in common is the Concorde Comfort Plus bed system, a perfect combination of slatted frame and cold-foam mattress for an exceptionally relaxing night's sleep. Numerous LED spotlights and indirect lighting provide a pleasant (reading) light.

ALL-ROUND VISIBILITY AS STANDARD.

The driver's compartment. Clarity, as well as the best possible overview in all traffic conditions, are crucial criteria in the development of the Concorde driver's compartment. You'll always be safe on the road, thanks to a raised seating position and the large coach-style mirrors.

P

PERFECTLY COORDINATED.

Leather and fabrics. Choose from various leather and microfibre covers; a few examples of these can be seen on the right-hand side. All materials are meticulously manufactured in selected workshops, adhering to Concorde's strict quality requirements. To allow them to retain their typical qualities for as long as possible, they undergo an innovative waterproofing process: our microfibre materials are equipped with ConLotus, whilst our leathers are equipped with the anti-soiling Aquaderm X-Shield. Dirt does not stick, liquid simply rolls off, and the feel and suppleness are preserved.

DESIGN PERFECTION AS IT SHOULD BE.

Floor plans. Five versions, including three of which have double rear axles, the Carver floor plans are thought out down to the last detail. They combine a spacious room feel with a functionality that is perfected in every detail. For perfectly-designed comfortable travel.

OUR DRIVE FOR
YOUR PASSION.

The essence of mobile travel. Concorde is committed to the concept of quality craftsmanship. We manufacture motorhomes of the highest quality for the highest demands. Every vehicle is unique, every vehicle is a masterpiece, classically hand-crafted in a traditional Franconian company, with unwavering passion, enthusiasm and inspiration. Because a passion for motorhomes is what unites the people at Concorde. And it is that which unites us with you.

“We work in eight areas of expertise in the production department. Every day, we step up to the claim of manufacturing absolutely top-class vehicles and constantly becoming that little bit better.”

Martin Rosenbaum
Head of production

“We construct motorhomes for people with a passion for motorhomes. We have designed many things for everything up to the completion of such a vehicle. But we’ve also discarded just as much. After all, only the best ideas will do.”

Hermann Kaiser
Head of development

All information and illustrations apply to Concorde motorhomes from the 2014 model year. The model programme, technical specifications and features may vary from country to country. The design is based on the German Road Traffic Act (Straßenverkehrs-Ordnung – StVO) and the Road Traffic Licensing Regulations (Straßenverkehrs-Zulassungs-Ordnung – StVZO). We reserve the right to make changes, including without prior notice. Your Concorde dealer will be happy to provide you with up-to-date information. Please note that some illustrations also show vehicles with optional extras, which may deviate from the standard range.
