We are pleased that all our staff from our site in Chichester have decided to make the move with us to Portsmouth and we look forward to welcoming customers to our new site.

Our vast workshops are now open, offering an enhanced aftersales service. This plus our new retail shop means we can offer a more comprehensive service.

We are pleased to announce the launch of the new 2007 season Rimor Motorhomes including the ever popular Sailer low-profile and Superbrig coachbuilts. The attractively priced Katamarano range has also been extended with even more choice.

Last autumn's Düsseldorf Caravan Salon also saw the impressive launch of the new 2007 season Concorde Motorhomes. As well as enhancing the Charisma range - this year's Motorhome of the Year - Concorde have brought the Charisma's style and engineering to the Coachbuilt Cruiser, the flagship Liner as well as introducing a smaller brother - the all new Concorde Carver.

Want to be ready to just get up and go?

Then don't let a problem spoil that weekend break. Why not let our experienced motorhome technicians keep your motorhome in the best possible condition.

At Southdowns we believe in preventative maintenance. Motorcaravans are not often used every day and so it is vitally important that they are serviced regularly, both inside and out. That way you can be sure that problems will be spotted before they become costly to repair.

Our on-site workshop provides complete motorhome living area servicing at competitive rates.

The ultimate luxury motorhome

The Concorde Liner

Concorde continues to set new motorhome standards over and over again.

Can this be put down to experience? The open-minded, impartial approach? The ability to develop technical innovations? In fact, all of these factors make the Concorde Liner what it is: probably the best motorhome of all time.

It combines the interior design of the successful Concorde Charisma - but even more spacious. The Liner - why be satisfied with anything less?

The Concorde Cruiser

Maybe once upon a time motorhomes, and especially coachbuilts, were designed with a focus exclusively on functionality.

With the new Concorde Cruiser, these times are over. Like no other coachbuilt motorcaravan, it combines an advanced technology with stylish elegance. The balanced linework of the body harmonizes perfectly with the compact shape of the Cruiser. This harmony is continued inside: here, fine cherry-wood, covers of microfibre or leather in warm shades and sparkling glass fronts are pleasing to the eye.

Have a look for yourself!

The Concorde Carver

The new Concorde Carver combines the benefits of a compact and manoeuvrable 6.5m to 7.5m exterior with the outstanding technology of the Motorhome of the Year 2006 - the Concorde Charisma.

The single-level flooring of the living area, the elevated seating position, the driver-active dashboard, the fine cherry-wood furniture and the upholstery in harmonized colours - these are only some of the elements of equipment that the Carver and the Charisma share.

But all the same, the Carver has its own character, is much more than just a small brother. See for yourself

And the Concorde Charisma is something truly extraordinary because it heralds the beginning of a completely new motorhome concept.
